Subject : Vessel's with Substandard Mooring Ropes

Recently, it has been observed that few vessels arrived at JDR port with substandard mooring ropes.

Vessels with substandard mooring ropes not only causes serious safety concerns to terminals/JDR Port but also jeopardise with safety of other vessels and environment. Such conditions on board cannot be permitted for cargo operations. Port Authorities are compelled to cancel all berthing operations, causing the vessel's business to be placed on hold and resulting in significant losses for vessel owners and charterers.

All vessel's proposed for business with JDR Port and its terminals to ensure that vessel performs Port call with quality mooring ropes and well maintained as per prevailing international marine standards.

It is Master's responsibility to provide suitably fit mooring ropes for business, without fail.

Vessel found to be in violation of the aforementioned requirements will be blacklisted and ineligible for future business.
